

# SiteSight for BLUE HAWK

Empower your team with SiteSight, powered by CoMetrics. Gain deeper branch-level insights and make data-driven decisions, critical to success in today's business world.

## SiteSight: built for multi-branch companies

- Give your leadership team clear insights into how each branch is performing
- Focus branch managers on actionable insights that drive profitability
- Empower team members to learn from the success of their peers
- Track the results over time

### Enhanced Financial Visibility at the Branch Level

Instantly, it reveals the performance of individual branches on critical performance metrics.

### Dig into the details

Clear, visual dashboards provide layers of detail at your fingertips, broken down at the branch level for a comprehensive overview of financial health and performance.

### Strategic Benchmarking

Make meaningful comparisons to pinpoint opportunities and set goals that drive operational success.

### Data-Driven Decision-Making

Gain a fresh perspective on essential Key Indicators and metrics, foster proactive data-driven decision-making to address challenges before they escalate, and capitalize on emerging trends.

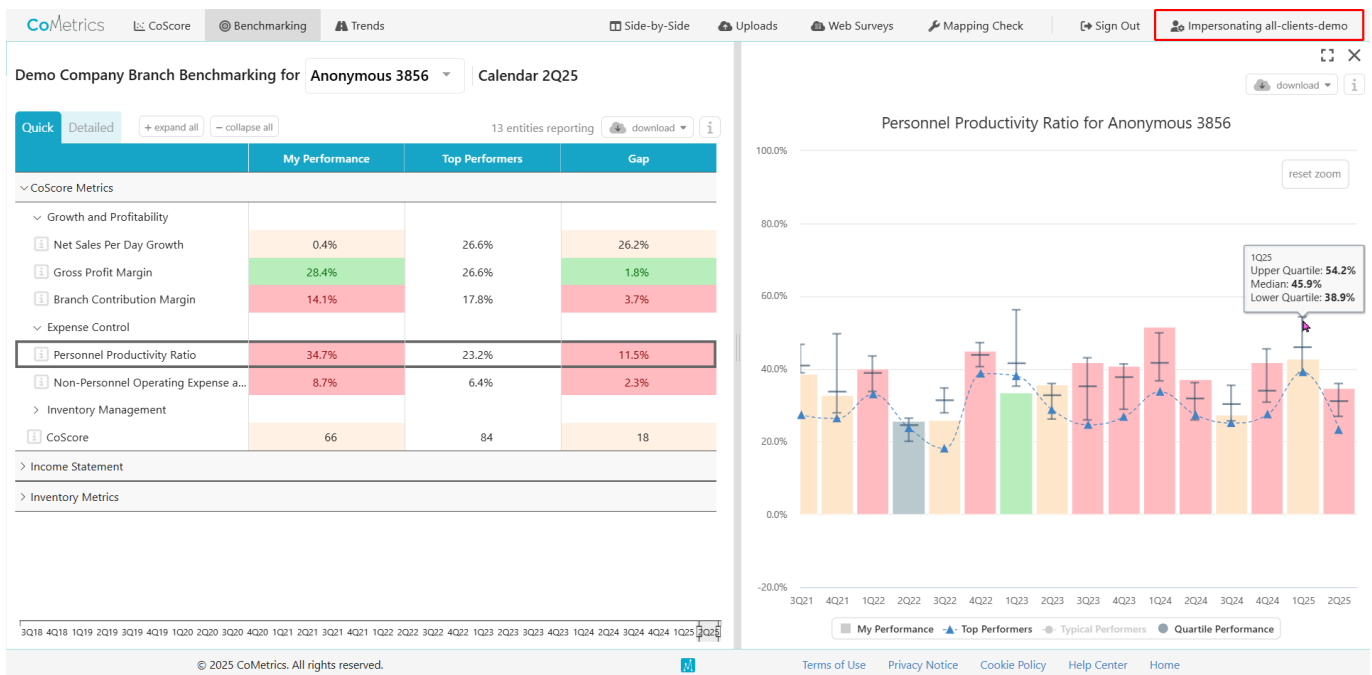

### Competitive Advantage

Leverage CoMetrics' unique ability to securely and anonymously benchmark against peers in the industry.

## SiteSight by CoMetrics provides:

- Clear, visual Dashboards that include branch-level metrics
- Click to download Dashboard charts and reports to share with key stakeholders
- Compare groupings of branches with similar sales volume, product mix, or region
- A “Side-by-Side” report download to get data and compare all your branches in an easy use spreadsheet.
- Leverage our expertise with an Annual Insights call, personalized for your team

## Get Started with SiteSight today!

SiteSight requires participation in BenchMark BLUE, the CoMetrics Trial Balance program.

Pricing for SiteSight starts at just \$30 a month per location.
